LAWSON HEIGHTS COMMUNITY ASSOCIATION

Letter from LHCA President

Hello neighbours. Thank you for taking some time to read about the activities of your community association. An engaged and caring local community is the best response to many of the challenges facing Saskatoon, Saskatchewan, and Canada. Our LHCA motto is "people, place, participation" and that sums up the whole point of a community association like ours.

I have been asked to tell you a little about myself and why I volunteer on the LHCA Board. Try to contain your excitement.

My family moved to Lawson Heights fourteen years ago and I have loved living here. I had participated in community association activities and a community garden in my previous neighbourhood, but I wasn't involved as a volunteer until I moved to Lawson. I knew that I was going to be in the neighbourhood for a long time, my kids would grow up and go to school here, so I wanted to put down some roots in the community. I thought the community association would be a good way to meet people and do some good for neighbours.

I have held many positions on the Board over the years such as President, website coordinator, programs coordinator, and flag football coordinator. I didn't know how to do any of those jobs before I volunteered to do them. Nobody seemed to mind that I learned as I went along. Having now served 13 years on the LHCA, I can say without hesitation that it is my fellow Board members that keep me involved. It is a fun group of regular people with good hearts and busy lives. We have fun at our meetings (yes that is possible) and we like supporting our community.

It isn't always glamorous work to run the community association, but it is important, and somebody has to do it. So why not me? Or you? We need more volunteer Board members to keep us going strong. Don't worry, you are not expected to be on the Board as long as I have, but if you can spare a few hours each month, we can use your help. If you're interested in volunteering, please email info@lawsonheights.ca to let us know.

If you are not ready for that level of commitment, then please consider buying an annual membership. Those membership fees are an essential source of revenue for us. You could also join us as a volunteer for a shift or two at our events like Winterfest and Spring Fun Day.

See you around!
Richard Medernach

LITTLE PEOPLE'S PRESCHOOL

Little People's Preschool program provides an environment of patient encouragement where children are free to learn and grow through play and exploration, thereby equipping them with the necessary social and educational skills required to ease their transition into kindergarten.

*Experienced Early Childhood Educators trained in the Ministry of Education's Play and Exploration Model. First Aid and CPR certified, as well as trained in Anaphylaxis emergencies.

*Flexible morning schedule (you choose how many and which days to enroll your child).

*Tuition Subsidy available through The Saskatoon Preschool Foundation.

*Children must be 3 years of age and independent in the washroom.

visit www.littlepeoplespreschool.net for more program information and registration forms.
